CHRIST

Understanding Easter
isn't rocket science.
Even a child can explain
it to us. But...

**JESUS' RESURRECTION
CHANGES EVERYTHING**

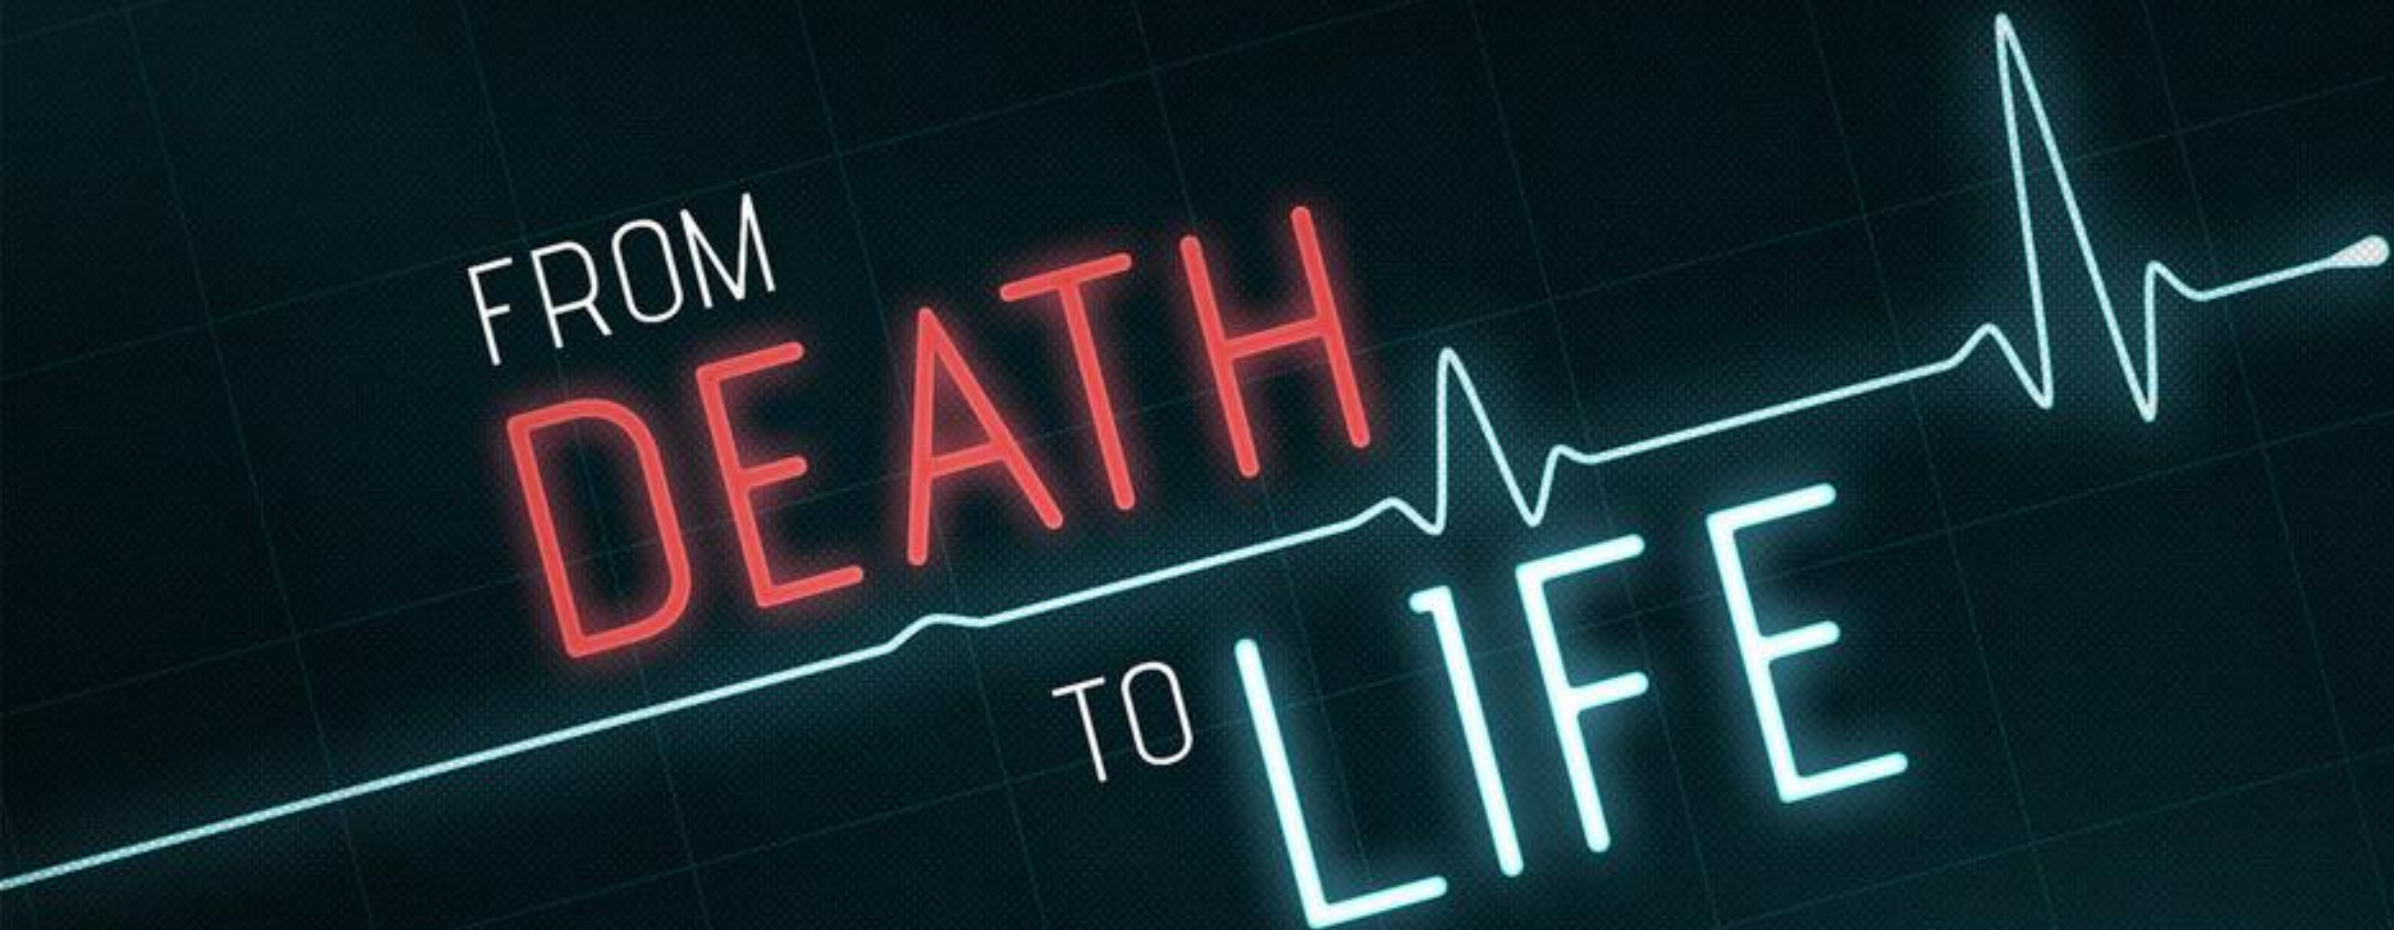

It's not a decision!
It is a way of life!

FROM

DEATH

TO

LIFE

Jesus doesn't rise to
make bad people good.
He rises to make dead
people alive!

THE RESURRECTION CHANGES EVERYTHING!

This means:

Jesus is God!

No longer are we separated from God and need a intermediary.

Sin and death are no longer equal or to be feared.

Good Works are a expression of gratitude not a means of salvation.

It means we can have hope in the midst of what appears hopeless.

**Jesus Christ is with us now!
God's kingdom is here and we can live in it today.**

YOU MUST

UNLEARN

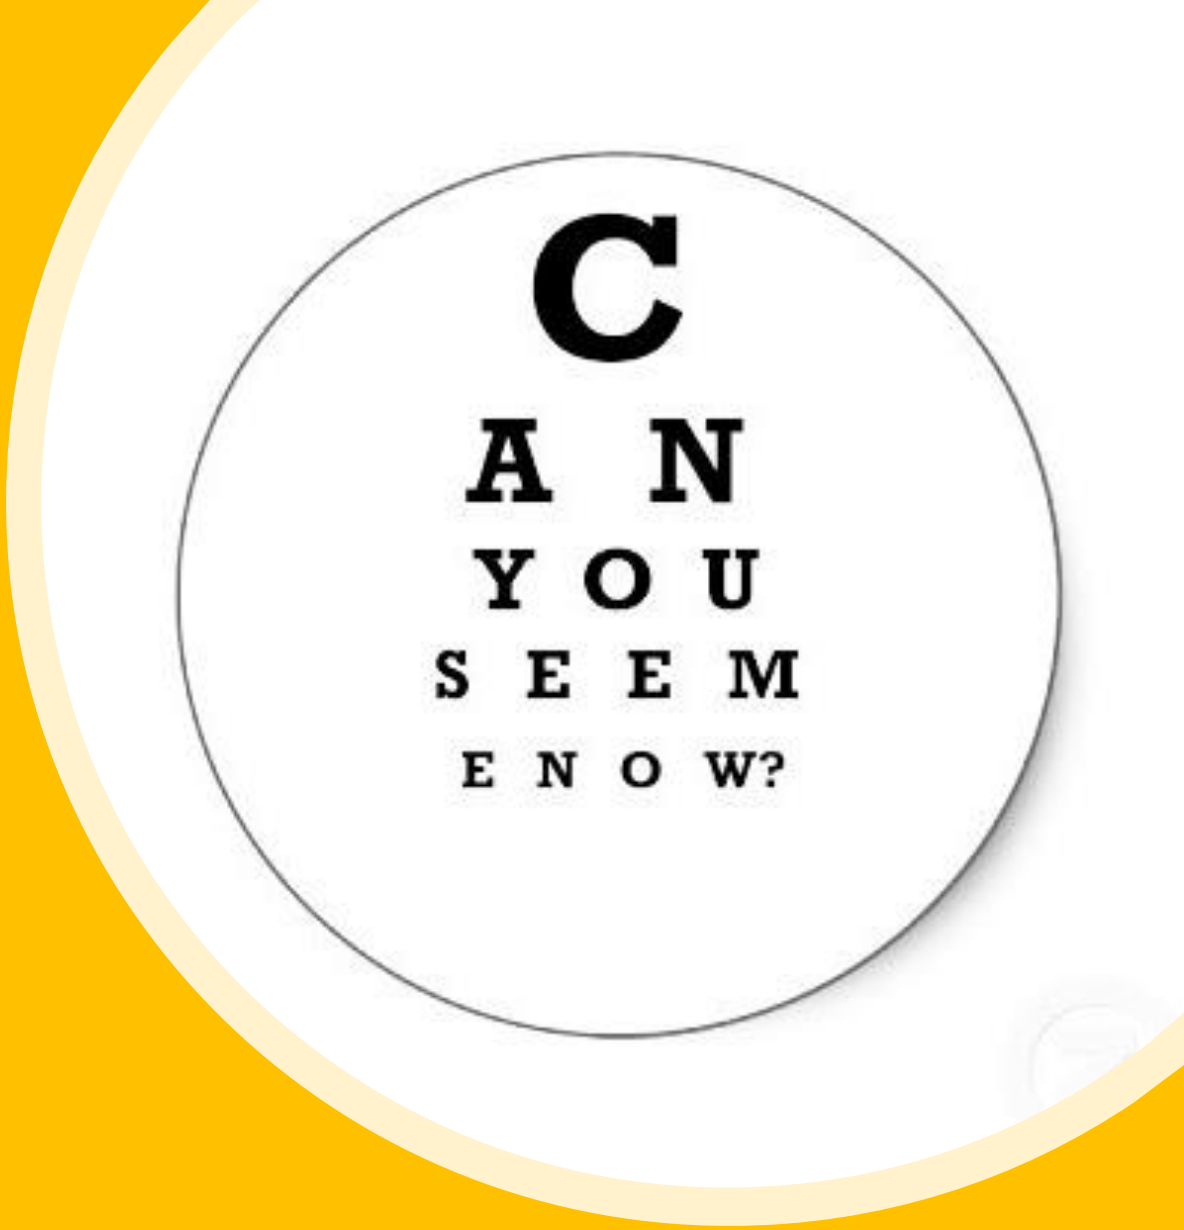

WHAT YOU HAVE LEARNED

I can't always see God in the moment. I often wonder what God is up to. But I try to live a Kingdom mentality, believing He is in charge and directing my path, even if I don't get it.

Christ is risen!

Christ is risen
indeed! Alleluia!
